

Quality Policy - 2021

Freeway Limited is committed to utilizing the IATF 16949:2016 standard and will work continually to improve its quality management system.

This will be achieved by the effective analysis and correction of internal and external nonconformities. This will ensure the maintenance and improvement of the customer satisfaction metrics.

The provision and development of resources together with effective communication with supplier and partners will also support this objective.

The achievement of acceptable levels of customer satisfaction will enable the corporate objectives of profitability and long-term growth to be met.

This quality policy will be reviewed semi-annually at Management Review for continued effectiveness and suitability.

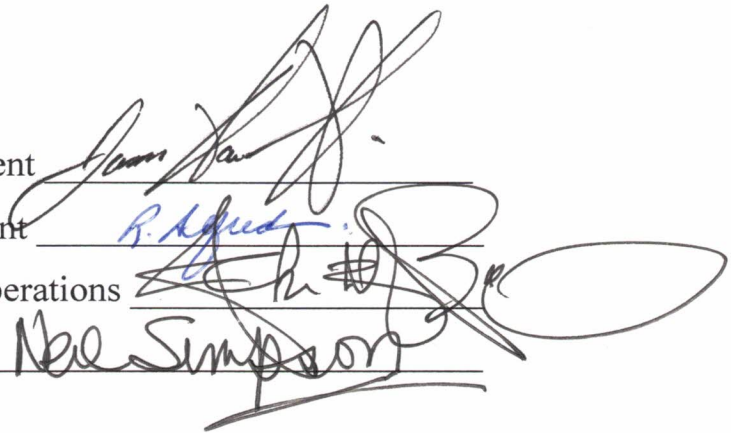

Signed and supported by:

Jason Hawksworth President

Roger Alfred Vice President

John Zubac Director of Operations

Neil Simpson Controller

Four handwritten signatures are written over horizontal lines. From top to bottom, they correspond to Jason Hawksworth, Roger Alfred, John Zubac, and Neil Simpson. The signatures are in black ink, with some blue ink visible in the second signature.
